THIS GREEN CHILE BURGER BITES BACK.

The tiny town of San Antonio, New Mexico, may not seem like much on the map. It's a quiet stop between Albuquerque and Las Cruces you could easily miss if you weren't paying attention. But you'd be missing out on one fiery feast on a bun at the Buckhorn Tavern.

See, San Antonio sits in the heart of New Mexico Chile Country. And the locally raised sandia chiles give the Buckhorn Burger a unique flavor and fire you'd be hard pressed to find anywhere else. Not too hot. Not too timid. These unique chilies enhance the flavor of beef ground fresh every morning at the local grocery store.

Third-generation Buckhorn burger baron and aspiring bluesman, Bob Olguin, takes pride in picking the freshest ingredients every morning. "It's a little bit more work," he admits, "but it's a commitment to quality you can taste in every bite of burger."
